Economic / Industry Overview

Global Scenario

The global chemicals industry, estimated at US\$ 2.4 trillion, is one of the fastest growing sectors of the manufacturing industry. The industry growth exceeds that of the manufacturing sector, despite the challenges of escalating crude oil prices and demanding international environmental protection standards which are now adopted globally. Pharmaceuticals and petrochemicals are the two biggest segments in chemicals that account for approximately 26 per cent and 35 per cent respectively of the overall industry size. Europe, is the largest consumer of chemicals in the world, accounting for approximately half the global chemical consumption, USA consumes approximately one-fifth. The global chemicals industry is being shaped by the following trends that are impacting business models, processes and product segments of multinational players.

Globalisation: The global manufacturing footprint of MNC's is getting transformed, as companies seek to gain proximity to consumer markets, raw material sources, cheaper energy sources and lower tax regime in an effort to drive down costs and safeguard profitability.

Consolidation: Mergers and acquisitions are increasingly prevalent and companies seek economies of scale in manufacturing, logistics and R&D and to pave entry into new markets, expanding the global reach.

Increased environment consciousness: This is a global phenomenon that is driving the industry to innovate and modernise. Effluent disposal issues have resulted in research into cogeneration and upgradation of technology, having a healthy impact on costs and profitability

Evolution of the Indian Chemical Industry

Business Strategy

Going forward to our business strategy will rest on four pillars, the idea is to put in place a proper framework to give us the best chance to grow in the face of challenges from the competition and external events over which we may have no control. Each of tenets of our strategy is explained below:

Strengthen our core

This is our first pillar as we believe that any company that is serious about being relevant in its business for the long term has to keep an eagle eye on its core while it goes about augmenting its business in other directions.

For us, Company has huge opportunity to expand business in the Dye industry. In Dye Industry has only 2 major players across the globe, India and China apart from Indonesia. In China due to increasing environmental norms and strict governmental regulations w.r.t operating a chemical industry there have been shutdowns of many facilities in China which positively impacting the dye industry in India consequently growth in Dye prices. With decrease in total supply, dye manufacturers have huge opportunity both in terms of volume and value.

Strategic Location

This is our second pillar, the company involved in chemical manufacturing and its unit located at Vatva, Ahmedabad with having annual installed capacity of 4000 MT. Company's total production

during the year was 3400.00 MT approx. Company also taken land on leasehold basis at Saykha, Bharuch.

In future, Company will make such strategy by which it increase its production and create demand for the manufactured product. By this it will earn high value and serve best to its stakeholders.

Wide Range of Products

The Company with its wide range of products and services caters to various industries manufacturing Dyestuff and Dye intermediates, Textiles, Auxiliaries Specialty Chemicals etc.

Committed to Quality

The final pillar of our strategy is to provide best service by high quality product to our customers. We have one quality control laboratory in our factory premises for dyestuffs, Intermediates and auxiliaries and technical services. The consistency in quality for all our supplies is our main goal. We follow all laid down test procedures and testing methods agreed with by our customers. For intermediaries and auxiliaries testing, the lab is equipped with Karl Fischer for moisture testing.

Putting all together

While strategies often look good on paper, what often separates successful ones from the not-so-successful is their execution. BASIS FOR OPINION

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics.

We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements.

KEY AUDIT MATTERS

We have determined that there are no key audit matters to communicate in our report.

INFORMATION OTHER THAN THE STANDALONE FINANCIAL STATEMENTS AND AUDITORS' REPORT THEREON

The Company's board of directors is responsible for the preparation of the other information. The other information comprises the information included in the Board's Report including Annexure to

Board's Report (but does not include the standalone financial statements and our auditor's report thereon) and the rest of the Annual Report (the "Other Information"). The Other information is expected to be made available to us after the date of this auditor's report.

Our opinion on the standalone financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

When we read the other information, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

RESPONSIBILITY OF MANAGEMENT FOR STANDALONE FINANCIAL STATEMENTS

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the company's financial reporting process.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE STANDALONE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material

if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.
